

PRODUCT DATA SHEET: SE1 RACKMOUNT

The SE1 is one of our most popular of item with both music poducers and many soundsystems worldwide.

Improved all in one dub unit, the SE1 provides siren, echo and orginal NJD style UK Dub Siren. The siren able to do single delay as well as echo.

The inputs and putput system is specially designed to work with DJ Mixers, Mixing Desks, Dub Preamps and many other items using a combination of both Phono and Jack Connectors.

This style of siren built using only transistors makes all well known dub siren sounds, rich in harmonics. Using transistor ideas of the 1970s and modern components, Rigsmith offers the most vintage sound along with a digital echo o help make that tape loop feel and sound.

This unit contains professionally designed and manufactured, gold plated, PCB's, found only in Rigsmith' s units.
