

PRODUCT DATA SHEET: SS1 RACKMOUNT

The SS1 is the number one siren for Soundsystem use. SS1 does not contain echo but instead uses the extra space to include 3 different sirens. NJD, Digital Bombs and VCO type siren are all included and output to a single ¼ jack and 2 phons.

With this siren you need no other, it's fully crampacked with features.

Colour Coded in Red, the Original Transistor NJD Redeye Siren, Jah Shaka / Abba Shanti-Style.

Colour Coded in Yellow Bombs button sounds a bit more like Sir Coxone digital siren.

- | | |
|------------------|------------------|
| 1: Machine Gun 1 | 5: Bombing 2 |
| 2: TV Game | 6: Machine gun 2 |
| 3: Dual Tone | 7: Machine gun 3 |
| 4: Bombing 1 | 8: RifleGun |

Colour Coded in Green, Dual controllable IC driven Oscillator. This can create a variety of FX based on how the user sweeps the knobs.

This unit contains professionally designed and manufactured, gold plated, PCB's, found only in Rigsmith's units.

Provided with a power supply (PSU). Please advise which is needed on purchase, options available are UK, EU and USA PSU.
